

## For Your Information . . .

As a courtesy to our valued clients, we have compiled an affordable **COMPREHENSIVE WILL PACKET** to meet your Estate and Health Care planning needs.

The **COMPREHENSIVE WILL PACKET** includes the following:

### **\* LAST WILL AND TESTAMENT \***

An attorney will effectively advise and assist you in long-term planning for the disposition of your valued assets and estate.

### **\* LIVING WILL \***

The modern advances in medical technology have made the continuation of life possible for the terminally ill or incapacitated person. For both financial and personal reasons, many persons prefer not to have their lives artificially sustained. In most cases when a terminal illness or injury arises, the patient is neither physically nor legally able to

make critical medical decisions. A Living Will can assist the Health Care Providers and family members by having your critical decisions made by you.

### **\* HEALTH CARE DIRECTIVE \***

This document allows you to delegate your medical decision-making powers to one or more persons in the event of your disability. Resolving these delicate matters in advance spares your family and loved ones from having to make these difficult decisions for you.

Each of these documents can be prepared separately or all three can be prepared as your comprehensive will packet for a cost of \$250.00. We look forward to assisting you in your estate and health care directives.
